THREE DOLLARS PER YEAR. TWENTY-FIVE CENTS PER MONTH

The sworn daily average circulation of The Lowell Sun for the year 1908 was

15,956

Sworn to by John H. Harrington, proprietor, Martin H. Reidy, business manager, and Alfred Ellette, pressman, of The Sun, before me, January 1, 1909. J. JOSEPH HENNESSY, Notary Public.

This is by far the largest average circulation of any newspaper in Lowell.

And now they tell us that the ladies are to discard their straw hats and adopt the new style—woolen hats. Well, not many of an authority on ladies' hats, but we would rather see ladies with woolen hats than men with woolen heads like some who are holding high political offices in the city of Lowell.

It is difficult to get at the real truth of the strike situation in Sweden at this distance, but if the people of Sweden think they can loaf themselves into prosperity they will find, as the people of many other nations have already found, that idleness for any length of time is not a panacea for labor, industrial or political troubles.

THEY SAW THE POINT.

People wondered what the mayor meant when he declared that he should be put on the board of governors of the automobile races. They failed to see where he could render any service of value, as he knows little or nothing about automobiles or the management of races; but when he added that he wanted to have a hand in the letting of all contracts, they saw through the whole thing in an instant. He will not go on.

WHAT PROMPTED HARRIS TO RESIGN?

It must have been something dreadful indeed that impelled our old friend, Simon B. Harris, to throw up his hands, resign the office of police commissioner and declare that he could no longer hold the office under the present mayor and maintain his self-respect. What was the cause? Knowing Simon as well as we do, we repeat it must have been something dreadful. Simon B. Harris has been warring against the liquor business and all its evils to our knowledge for something like thirty years, and we never knew him to capitulate to the enemy in the slightest degree. With him there is no temporizing, no concessions, no taking back water, and although he has been enthusiastic and mercurial, Simon has been on the whole a square, fair-minded and honorable antagonist. It would seem as though he had realized the ambitions of his life's dream, to find himself at the head of the police department, where he could wage war against the liquor traffic with greater effect than was ever possible in any office he previously held. And yet, he threw up his hands and said he could not hold office under the present mayor and maintain his self-respect. In the name of all that is mysterious what was the cause of his action? Simon refuses to talk, but says he will soon make a statement. When he does we venture to predict that however much his statements may conflict with those of any other interested parties, the people of Lowell will believe Simon B. Harris. Let us have that statement as soon as possible, Mr. Harris. The people want to know the cause of your action, and we believe they are entitled to the information.

WE MUST PAY FOR LUXURIES.

A great deal of this protest we hear against the revision of the tariff and against all forms of tariff taxation is little less than nonsense. If the people think they can escape taxation by shifting from one tariff scheme to another, or from one method of raising funds to another they are very much mistaken. They should bear in mind that for the maintenance of this great government we must raise more than a billion and a half dollars a day. Where in the name of common sense are we going to get it if we do not take it out of the pockets of the people directly or indirectly? We cannot have leg navies, we cannot build dreadnaughts, we cannot maintain even the semblance of a standing army or build fortifications along our expansive seaboard without paying the bill. What's the use of trying to dodge it? We have become a world power through the policy of the McKinley administration. We have possessions in the Caribbean sea and in the Pacific ocean, thousands of miles from home. How can we protect them from invasion or from discrimination by a navy unless we maintain a navy strong enough to impress upon the civilized world that we are able to defend and justice and secure it if necessary? All this costs money, and the people must pay for it, and the sooner they come to realize the fact the less we will bear about the burden of taxation. As a matter of fact we in the United States know very little about the real burdens of taxation. In European countries not only are the necessities of life taxed directly, but the most ingenious schemes for laying local taxes are invented and the household is at the end of the day, why many are forced to emigrate to America, the land of the low taxes. Such things as window glass are taxed when counted by the square foot, the street, and every building erected or altered is subject to this absurd method of taxation. So it is with cars and wheels. A vehicle with more than four wheels has to pay a tax, and that's why so many two wheel vehicles are running around the cities and towns of Europe. The daily millage rate which is brought to the door of the poor Italian homekeeper is paid by the local authorities, but he gets there. When a car enters a house in a European country it is taxed for the privilege of passing through the doorway, and although the owner may not like it, he has to pay it or put on a new coat and pay an additional tax. In Germany, for instance, the old coat that is worn out. That being so, many homes are without a parlor, or built on a stone or cement. There was provided in the laws of Europe that with a stamp tax, or a tax on the use of the land. The receipts of every business in Europe are paid to the government, and an estimate of profit is made and taxed, whether it is earned or not. In Germany the very same thing is done, and a high tax. Many instruments and a few other things are taxed, but the government is subject to a system of taxation that would drive the American citizens to open rebellion. Yet they are content to laud and glorify over the millage tax that is levied for the maintenance of our old-fashioned money and our government. A word or two about these things and the people must pay the bill. Why not for the sake of the tax is levied?

IRISH PARLIAMENT

Captain Edward O'Meagher Condon Expects One Soon

BOSTON, Aug. 22.—The reception of Captain Edward O'Meagher Condon, who only escaped, according to the "Manchester Guardian," 42 years ago by the fact he was an American citizen, was attended last evening at the American house by 200 friends of the famous Irish patriot, both men and women.

The exercises lasted from about 8 to 9:45 p. m., and consisted of a discussion of the Irish question as it exists today by men who are well posted on it, of words of praise for the character and the patriotic service of Capt. Condon to his native land, and finally a general levelling of the right guest of the evening, who is about to sail for Ireland, for his just visit in more than two decades, in company with John O'Meagher, general secretary of the United Irish League of America.

St. Rev. Mr. Henry O'Connell, of St. Augustine's church, South Boston, presided, and in starting the proceedings spoke eloquently of the merits of Capt. Condon.

Capt. Condon, in acknowledging the honor paid him by his assembled friends, raised a laugh when he recalled that he had visited the old country many years ago, his audience having in mind the narrow escape from death that he experienced at that time.

The captain continued that he and Mr. O'Meagher are not going to Ireland on any possible demand, or to criticize anybody or anything, but solely to visit the scenes of the captain's youth, and incidentally to meet in friendly intercourse some of the present-day Irish parliamentary leaders, foremost among whom is John Redmond.

He said: "We are not going to map

GARDEN PARTY

WOMEN OF ST. PATRICK'S ARRANGING FOR ONE

On Tuesday evening the women of St. Patrick's church will hold a meeting in the boys' school hall for the purpose of formulating plans for the coming garden party, which the parishioners will conduct on the grounds of Notre Dame academy on the evening of August 24.

The meeting of the p. m. which was postponed on last Tuesday evening on account of the inclement weather will be held on Tuesday evening of next week. The arrangements for the party are fast assuming a successful aspect and give every promise of being the most successful outdoor party that the parishioners have ever had.

The beautiful grounds of the academy will be thrown open to the party and an orchestra will occupy a position in the grounds to discourse music for dancing.

At the 8:30 o'clock mass in St. Patrick's church yesterday morning the members of the Holy Name society (church branch) received their monthly communion. All of the hundred members. Music during the mass was rendered by the Sanctuary choir.

TUBERCULAR RATE

28 PER CENT. OF CHILDREN ARE AFFECTED

NEW YORK, Aug. 22.—That 28 school children in every 100 from the poor tenement districts of the city are affected with tuberculosis is indicated by observations made this morning at Sea Breeze Home, which is maintained at Sea Breeze Island by the Association for Investigating the Condition of Children of the Poor. All of the children admitted to the home are examined to see if they are affected, as is stated in a statement issued today.

"Up to the middle of August 25 children had received thorough physical examination and had been placed for tuberculosis at Sea Breeze. Of this number, 28 were boys and 94 girls. Of the total number subjected to the tuberculin test, 28, or 28 per cent, showed a positive reaction. The per cent of reaction among girls tested was 34 per cent, and among boys 27 per cent among the boys."

The investigation is to be continued, a preliminary report on the results of the examination of the children in New York city for tuberculosis is issued. A portion of the children are examined at the children's hospital, which is maintained and conducted with great success in Boston.

JUVENILE LAW

Will Not Make Child a Criminal

NEW YORK, Aug. 22.—The juvenile delinquency law will go into effect on Sept. 1. Under the law a child of more than 16 years, who commits a crime, except crimes punishable by death or life imprisonment, shall not be known as a criminal but as a juvenile delinquent. The punishment will be the same as now. Judge Robert J. Wilkins, of the children's court, Brooklyn, who drafted the law, said today:

"For a long time, in fact before the establishment of children's court in this state, the subject of the prosecution of children for crime has been discussed. The idea of classing a boy or a girl immature age in the same category as an adult offender has been commented on and it has always been my idea, if possible, that this condition should be cured."

"No matter what we say as to the effect of a conviction following a child before any court, the fact that he was convicted is of record."

"The new law will prevent this stigma of being known as a criminal from following a convicted juvenile offender."

GEORGE C. LODGE

Son of the Senator is Dead

BOSTON, Aug. 22.—George Cabot Lodge, eldest son of Senator Henry Cabot Lodge, died suddenly at 11 o'clock last Saturday evening at his father's summer home on Tucker's island, Nantucket. Death was due to heart failure, caused by an acute attack of indigestion. The attack was unexpected and was preceded by no serious illness. He had, however, had derangement of the heart for some years and had been treated both here and abroad.

With his son when he died was Senator Lodge, who is part owner of the island, and who had been there for two weeks seeking rest. The body was brought yesterday to the home of Dr. William Sturgis Bigelow, 56 Beacon st., Boston. The young man's wife and mother, who had been planning to go to Tucker's from Nantucket by an early train, were also summoned to this city.

No definite arrangements have yet been made for the funeral, but it will probably be held from Dr. Bigelow's residence. Burial will be in the Lodge family lot at Mt. Auburn cemetery.

Gen. Velez has just returned from a conference with President Taft at Beverly. "My mission," he said, "is to promote good feeling between the two countries. Cuba will always be an ally of the United States. We are the younger brother of the United States and we freely acknowledge our debt to this country."

THE BRITISH PEERS

Threaten to Kill the Budget to Save Their Rents

LONDON, Aug. 22.—William T. Streat has sent the following story:

The question of questions which is exciting British politicians is the threatened revolt of "unknown peers," in the House of Lords. As that legislative assembly consists of some hundred peers who attend more or less irregularly during the session, they constitute the working house, and behind them are four hundred peers who only take trouble to attend parliament when some important bill of exceptional importance is to be introduced or thrown out. As a rule there is a full muster of hereditary legislators once in five years, and it is these non-attending peers who threaten to revolt. Their motive is the fact that the House of Lords is the only body in the country which is not subject to the same law as the House of Commons. They feel that the rights of their order and the rents of their estates are endangered, and they are willing to do anything to save them. They will throw out the Budget and demand that the House of Commons should be subject to the same law as the House of Lords. They will throw out the Budget and demand that the House of Commons should be subject to the same law as the House of Lords.

For my part, I do not indulge in such a pessimistic expectation. The great "unknown" will come to heel and matters will be settled, as all things are in England, by a compromise leaving things much as they were before.

GIRL FATALLY BURNED

PAWTUCKET, R. I., Aug. 22.—Mary McCabe, the eight-year-old girl who was badly burned Saturday near her home at 600 Dexter street, died this morning. She was playing with other children in a lot when a storekeeper set fire to some rubbish and a blazing ember caught on her dress.

ANTUNG-MUKDEN RAILROAD

PEKING, Aug. 22.—M. Ijain, the Japanese minister to China, has handed to the diplomatic representatives of the interested powers copies of the agreement regarding the Antung-Mukden railroad signed at Mukden between China and Japan August 19.

This memorandum separates the commercial questions connected with the railroad from the political aspects of the case, and it is understood that Japan in framing it strove to eliminate anything that would offend Chinese susceptibilities. To this end it is understood here that Japan will hold the reconstruction of the line in temporary abeyance possibly until late in the period of two years allowed for rebuilding. In the meantime it is hoped that the political questions would be settled.

SEVERE STORM EXPECTED

NEW YORK, Aug. 22.—The local weather bureau has received the following special from Washington:

The hurricane that appeared east-northeast of Barbados Friday is now centered near and south of Hayti, moving west or north of west. The storm will be severe in Cuban waters within the next twenty-four hours and probably later off the Florida coast.

SEN. DILLINGHAM

IS ON HIS WAY TO HONOLULU

SAN FRANCISCO, Aug. 22.—Senator Dillingham of Vermont, chairman of the joint congressional committee on immigration, arrived yesterday en route to Honolulu to study immigration conditions in the Hawaiian Islands. He will leave for the islands and near Honolulu accompanied by William E. Wilson, assistant secretary of commerce and labor.

Hawaiian planters and business men have urged that the Oriental immigration to which the Hawaiian Islands are entitled by the anti-contract labor clause in the immigration law be restricted to develop the islands. It is hoped that a modification of the law would improve conditions on the islands.

Man Found Guilty of Stabbing His Cousin

John Alexandropoulos was arrested Saturday night by patrolman Dowley, charged with assault with a knife on John Dracoulis, who conducts a confectionery house in Suffolk street.

It is alleged that Alexandropoulos and Dracoulis, who are first cousins, got into an argument and that Alexandropoulos, who was intoxicated, drew a knife and stabbed Dracoulis under the arm. The latter was taken to the Lowell hospital where, upon examination it was found that the wound was a slight one and after two stitches had been taken in it the man was discharged.

In court this morning Dracoulis was rather reticent about testifying against his assailant, stating that the man was drunk when he stabbed him and that the wound was but a slight one.

Playing Ball in the Street

George Kelley pleaded guilty to a complaint charging him with violating a city ordinance—playing ball in the street. Of late there have been numerous complaints about boys playing ball near the Spaulding and Sweet's factory, corner of Winch and Beane streets, and many windows have been broken in the stone shop building. Yesterday Patrolman Phillips, directed the boys out of the street and they were on a crowd of young men who were playing in the street and managed to catch Kelley. In court this morning, despite the fact that he entered a plea of not guilty, he was found guilty and a fine of \$4 was imposed.

Case Continued

The case of Dennis F. Sullivan, charged with assault and battery on

Alexandrapoulos had nothing to say other than that he was drunk at the time and was a poor man with a large family.

He was fined \$20 to be paid in three days or spend the next three months in jail.

Stole a Pair of Shoes

James Hart, while in an intoxicated condition Saturday night, walked into J. L. Chaffey's store in Central street, and stole a pair of shoes valued at \$2.48. He was later arrested by Sargent Atkinson and Patrolman J. Chaffey, Jr.

Drunken Offenders

John R. O'Connell, charged with drunkenness, was given a suspended sentence to the state farm and placed in the care of the probation office for six months.

James Manning, also charged with drunkenness, was given a suspended sentence of three months in jail and placed on probation for one year.

Lewis Wentworth, drunk, was fined \$10.

John Buckley, Andrew Spillane and George Ballou were each fined \$50.

At this morning he was charged with drunkenness and larceny. He acknowledged his guilt and was fined both charges. For larceny he was fined \$10 and an additional fine of \$2 was imposed for drunkenness.

Present at a Game

Racal, LaChance and Theophile Laferrriere were charged with being present at a game on the Lord's day and pleaded guilty. They were fined \$5 each.

Settled Out of Court

The case of Henry G. Kees of Westford, charged with assault on Mrs. Rose Houghton and also larceny of a horse and colts, age from two, which was to have been taken this morning, was settled out of court. The alleged assault and larceny grew out of Kees selling a horse and colts to Mrs. Houghton and her refusal to take more of the payments when it was due.

FEARFUL NOT GUILTY

NEW YORK, Aug. 23.—Pleas of not guilty were entered today by Donald Persch to two indictments charging grand larceny in the first degree in connection with the Joyce Windsor Trust Co. loan. The proceedings in the court were purely formal. Persch's attorney entered his pleas and he was sent back to the Tombs without more than a dozen words being spoken.

A possible reason for the failure of A. D. Adams, the Boston broker, to

procure \$12,000 bail on Saturday was given today when it was said that the Trust company he depended upon refused to accept as security shares of Ohio copper stock because it is alleged this stock is under injunction by a Boston court.

IRISH PARLIAMENT

Captain Edward O'Meagher Condon Expects One Soon

BOSTON, Aug. 21.—The reception to Captain Edward O'Meagher Condon, who only recently returned from the "Manchester" martyr, 42 years ago by the fact he was an American citizen, was attended last evening at the American house by 200 friends of the famous Irish patriot, both men and women.

The exercises lasted from about 8 to 9.45 p. m., and consisted of a discussion of the Irish question as it exists today by men who are well posted on it, of words of praise for the character and the patriotic service of Capt. Condon by his native land, and finally of a general discussion of the Irish question of the evening, which is about to be held in Ireland, for his first visit in more than two decades, in company with John O'Callaghan, general secretary of the United Irish League of America.

Mr. Condon, in acknowledging the honor paid him by his assembled friends, raised a laugh when he recalled that he had visited the old country more than 20 years ago, having in mind the narrow escape from death that he experienced at that time.

The captain continued that he and Mr. O'Callaghan are not going to the land on any hostile errand, or to criticize anybody or anything, but solely to visit the scene of the tragedy, and incidentally to meet in friendly intercourse some of the present-day Irish parliamentary leaders, foremost among whom is John Redmond.

He said: "We are not going to amp

DARING ATTEMPT PURE FOOD MEN

To Assassinate Deputy Holding Their Convention in Denver

MEADVILLE, Aug. 21.—An attempt was made at 9.30 last night to assassinate Ernest Newman, deputy clerk of the court, who succeeded his father, Dr. E. H. Newman, who was killed in a sensational fight a few weeks ago.

Armed men on horseback surrounded his home and one of them fired at him through a window. He was shot in the arm.

The assassins escaped. Bloodhounds are now on the trail.

TO AVOID STRIKE

NEGOTIATIONS HAVE BEEN OPENED IN CHICAGO

CHICAGO, Aug. 21.—Negotiations were renewed today between traction officials and representatives of street car employees of the city in an attempt to avert a threatened strike of all men employed in the surface street car lines.

GARDEN PARTY

WOMEN OF ST. PATRICK'S ARRANGING FOR ONE

On Tuesday evening the women of St. Patrick's church will hold a meeting in the boys' school hall for the purpose of formulating plans for the coming garden party, which the parishioners will conduct on the grounds of the Notre Dame academy on the evening of Labor day.

The meeting of the men which was postponed on last Tuesday evening will be held on Tuesday evening of next week. The arrangements for the party are fast assuming a successful aspect and give every promise of being the most successful outdoor party that the parishioners conducted. The beautiful grounds of the academy will be thrown open to the party and an orchestra will occupy a position in the grounds to accompany music for dancing.

At the 8.30 o'clock mass in St. Patrick's church yesterday morning the members of the Holy Name society (junior branch) received their monthly communion. The society had a hundred members. Music during the mass was rendered by the Sanctuary choir.

TUBERCULAR RATE

28 PER CENT. OF CHILDREN ARE AFFECTED

NEW YORK, Aug. 21.—That 28 school children in every 100 from the poor tenement districts of the city are affected with tuberculosis is indicated by observations made this summer at Sea Breeze Home, which is maintained at West Coney Island by the Association for Investigating the Condition of Children of the Poor. All of the children admitted to Sea Breeze are supposed to be well. The association says in a statement issued today:

"Up to the middle of August 125 children had received thorough physical examination and had been tested for tuberculosis at Sea Breeze. Of this number, 351 were boys and 211 girls. Of the total mass, 28.1 per cent. showed a positive reaction. The percentage of reaction among girls was 25.1 per cent. and among boys 27.7 per cent. among the boys.

"The investigation is a means of a preliminary step to determine the need of open-air schools in New York city for children in unusual condition. The means of such schools is to be established and conducted with great care in Boston."

JUVENILE LAW

Will Not Make Child a Criminal

NEW YORK, Aug. 21.—The juvenile delinquency law will go into effect on Sept. 1. Under the law a child of more than 7 or less than 16 years, who commits a crime, except crimes punishable by death or life imprisonment, shall not be known as a criminal but as a juvenile delinquent. The punishment will be the same as now.

Robert J. Watkins, of the children's court, Brooklyn, who drafted the law, said today:

"For a long time, in fact before the establishment of children's court in this state, the subject of the prosecution of children for crime has been discussed. The idea of classing a boy or a girl immature in the same category as an adult offender has been commended on, and it has always been my idea, if possible, that this condition should be cured."

"No matter what we say as to the effect of a conviction following a child before any court, the fact that he was convicted is of record."

"The new law will prevent this stigma of being known as a criminal from following a convicted juvenile offender."

GEORGE C. LODGE

Son of the Senator is Dead

BOSTON, Aug. 21.—George Cabot Lodge, eldest son of Senator Henry Cabot Lodge, died suddenly at 11 o'clock last Saturday evening at his father's summer home on Tuckernuck island, Nantucket. Death was due to heart failure, caused by an acute attack of indigestion. The attack was unexpected and was preceded by no serious illness. He had, however, had enlargement of the heart for some years and had been treated both here and abroad.

With his son when he died was Senator Lodge, who is part owner of the island, and who had been there for two weeks seeking rest. The body was brought yesterday to the home of Dr. William Francis Fisher, 58 Beacon st., Boston. The young man's wife and mother, who had been planning to go to Tuckernuck from Nahant by an early train, were also summoned to this city.

No definite arrangements have yet been made for the funeral, but it will probably be held from Dr. Bigelow's residence. Burial will be in the Lodge family lot at Mt. Auburn cemetery.

The killing was done with a revolver and the murderer, whose name is not known, escaped capture.

GENERAL VELEZ

SAYS THERE IS NO DISTURBANCE

NEW YORK, Aug. 21.—General Carlos Velez, Cuban minister to the United States, was vehement here yesterday in declaring that there is nothing in present political conditions at Havana to warrant fears of another intervention by this country.

Gen. Velez has just returned from a conference with President Taft at Beverly. "My mission," he said, "is to promote good feeling between the two countries. Cuba will always be an ally of the United States. We are the younger brother of the United States and we freely acknowledge our debt to this country."

THE BRITISH PEERS

Threaten to Kill the Budget to Save Their Rents

LONDON, Aug. 21.—William T. Read has sent the following story: The question of questions which is exciting British politicians is the threatened revolt of "unknown peers" in the House of Lords. As that legislative assembly consists of some hundred peers who attend more or less irregularly during the session, they constitute the working house, and behind them are four hundred peers who only take part in the annual parliament when some liberal bill of exceptional importance is to be introduced or thrown out. As a rule there is a full muster of hereditary legislators once in five years, and it is these non-attending peers who threaten to revolt. Their mutiny is killing the Tory leaders with alarm, and the Liberals with unconcealed delight. Lord Lansdowne, leader of the Tories in the upper house, is a wing by descent and a statesman by temperament. It is known that he does not contemplate a great constitutional conflict with the commons over the Budget. He will wait and go as far as he can in modifying the non-hereditary proposals embodied in the budget, but there he will stop. His policy, dictated by many reasons, is that the Lords have no constitutional right to amend the Budget, and that throwing out the Budget will bring the country into confusion, precipitate a financial crisis and render it impossible to collect taxes or pay the army or navy.

GIRL FATALLY BURNED

PAWTUCKET, R. I., Aug. 21.—Mary McCabe, the eight-year-old girl who was badly burned Saturday near her home at 600 Dexter street, died this morning. She was playing with other children in a lot when a storekeeper set fire to some rubbish and a blazing ember caught on her dress.

ANTUNG-MUKDEN RAILROAD

PEKING, Aug. 21. M. Ijima, the Japanese minister to China, has handed to the diplomatic representatives of the interested powers copies of the agreement regarding the Antung-Mukden railroad signed at Mukden between China and Japan August 19.

This memorandum separates the commercial questions connected with the railroad from the political aspects of the case, and it is understood that Japan in framing it strove to eliminate anything that would offend Chinese susceptibilities. To this end it is understood here that Japan will hold the reconstruction of the line in temporary abeyance possibly until late in the period of two years allowed for rebuilding. In the meantime it is hoped that the political questions would be settled.

THREE MORE KILLED \$1,000,000 FIRE

In the Great Auto Speed Carnival in Indianapolis

INDIANAPOLIS, Aug. 22.—Three more lives were sacrificed Saturday in the mad speed carnival which inaugurated the great Indianapolis motor speedway.

One mechanic and two spectators paid the penalty of their lives to satisfy the extreme desire for speed.

The fatal accident came when a National car, driven by Charles Merz in the 200-mile race, lost a tire and crashed through a fence into a group of spectators.

The dead: CLAUDE KELLUM, Indiana, 35, mechanic in the National car.

ORA JOLLEFFE, Tazewell, Ind., 30, spectator.

Besides the three deaths, two serious injuries came in the day. Henry Tagg, king of Indianapolis, was seriously hurt in the wreck of Merz's car, sustaining a compound fracture of his right arm, a broken nose and several other wounds.

Bruce Keene, driver of a Marmon car in the same race, crashed into a post shortly after Merz's accident and was badly cut about the neck and head.

After the second accident the officials decided to call off the 200-mile race. At that time the leading car was a Jackson, with Lee Leach at the wheel, and it had covered 200 miles.

Ralph de Palma in a Fiat was second and Stillman in a Marmon was third. The race was declared a contest and the great Indianapolis motor speedway trophy will be raced for again.

By a strange freak of fortune Merz escaped from the terrible wreck with hardly a scratch. He fell under the car when it turned in a corner and into the gully near the side of the track. He was in imminent danger of being burned to death but by extraordinary luck he was able to shut off the engine and save himself. Kellum was hurled into a gully some distance away.

The three deaths Saturday make the toll of the speedway to seven lives last week. William A. Bourque and his mechanic, Harry Haskins, of the Knox racing team were killed in an accident in the 200-mile race.

Thursday, Chm. Litteral, a Stoddard, which was reported to prove fatal. Dayton mechanic, was killed by being hit by a big racing machine while on the way out to the speedway. On

Worst Fire in History of City Visited Decatur, Ill.

DECATUR, Ill., Aug. 22.—A score of business buildings were burned and a dozen others were damaged yesterday by a fire which swept along the business portion of East Main, Meridian and Water streets. The total damage is placed at \$1,000,000 with insurance of about 80 per cent.

The fire burned from 2 o'clock yesterday morning until sunset last night and was the worst in the history of the city. The city experienced a water famine last night for the supply in the city reservoir was almost exhausted by the fire.

While the fire was at its height yesterday, a blaze was discovered in the engine room of the Dresser hotel, a half block west of the main fire. There was a panic among the guests, who realized that the firemen already had more than they could handle. Prompt

work by hotel employees and guests extinguished the flames before they had spread to any great extent.

Springfield sent an engine and a fire crew to aid Decatur's three engines, but this help was offset by the loss under falling walls of several hundred feet of hose.

Morehouse and Wells, in whose building the fire started in East Main street, suffered the greatest damage. Their loss is complete and is said to total \$200,000. Other individual losses range from \$10,000 to \$50,000. Rebuilding of the burned area will be started just as soon as the ruins can be sufficiently removed to permit men to remove the debris.

The only person injured was the driver of a boat and ladder truck. He was cut by falling plate glass.

SEVERAL ARE DEAD

Strikers and State Troopers Exchange Shots Near Pittsburg

PITTSBURG, Aug. 23.—Three state troopers and one deputy sheriff were shot and killed last night in a wild riot at the Pressed Steel Car plant in Schwanitz, where employees are now on strike. At least a score of persons were seriously wounded. It is fatally.

The rioting followed a day of quiet and a night of warning.

At midnight the following partial list of dead and injured was made up from reports received from the morgue, hospitals and several physicians' offices.

The dead: JOHN L. WILLIAMS, state trooper; HARRY ENLER, deputy sheriff; three foreigners.

JOHN C. SMITH, state trooper; LUCIAN JONES, state trooper; seven foreigners.

George Kitch and John O'Donnell, state troopers, were seriously injured and one woman was shot in the neck. Over a score of persons received more or less serious injuries.

The riot scene was practically indescribable. Mounted state troopers galloped indiscriminately through the streets with riot maces drawn, cracking the heads of all persons lurking in the vicinity. A deputy sheriff, who was armed with a rifle, and troopers broke in the doors of houses suspected of being the retreat of strikers, and wholesale arrests were made. From 9:30 to 11:30 scores of persons were arrested and placed in box car jails in the mill yards.

During the early stages of the rioting, women were conspicuous. Some of them were armed, others effectively used clubs and stones. These women, all foreigners, became with rage, were mainly responsible for beating the men to a pulp.

At midnight quiet reigned in the strike zone. Shortly before 2:30 a mob of strikers gathered in front of the swinging gates of the stockade and began a concerted attack. The state troopers resisted and in the melee, Harry Enler, a deputy sheriff, 35 years old, was shot and instantly killed by a supposed strike sympathizer.

In an effort to arrest a man picked out of the crowd as the one who did the shooting, State Trooper Smith was killed by a revolver bullet. Two other troopers were shot and one killed, falling into the arms of their captives.

The state troopers then opened fire on the mob in a valley for the first time since the inception of the strike. Six strikers fell to the ground at the first onslaught of their reported strike captives.

Members of the mob then opened fire with rifles in return. Several troopers are supposed to have been wounded. An automobile, which was carrying the wounded troopers to a hospital, was fired at and the driver injured.

The wounded troopers, placed through the crowd, knocking down several persons. A detachment of four men drove the mob back to the hospital.

A deputy sheriff, as yet unidentified, has been added to the list of the injured, according to the report. After capturing the revolver into a crowd of strikers, he was shot and instantly killed and the body was kicked and mutilated beyond recognition.

Shirley Gifford, at the county jail, is believed to have been captured at the strike zone at 10:30. At 11 o'clock the sheriff started in an automobile for the scene of the rioting. He took with him a horse, arms and two boxes of ammunition. The county coroner has not yet been called.

The strikers and deputy sheriff were shot and killed by the mob. The strikers are now on strike.
